SKILLS

Languages: C++, Python, C

Tools/Platforms: MongoDB, MY SQL Server, PostgreSQL

Soft Skills: Problem-Solving, Team Player, Project Management, Adaptability, Critical Thinking

PROJECTS

Network Security Monitoring System | *Python, Nmap, Wireshark* Jun '26

- Developed a network monitoring system to identify active devices, open ports, and potentially vulnerable services within an authorized network.
- Used Nmap and Python automation to perform network discovery and collect information about connected hosts and their exposed services.
- Analyzed network traffic using Wireshark to understand communication patterns and support basic security monitoring and troubleshooting.

Smart Parking Management System | *Python, OpenCV, MYSQL* Apr '26

- Developed an automated parking management system to detect available parking spaces and maintain real-time parking occupancy information.
- Implemented OpenCV-based image processing to identify occupied and vacant parking slots, reducing the need for manual monitoring.
- Integrated MySQL to store parking records and designed a simple interface for monitoring vehicle entry, exit, and parking availability.

Smart Window Curtain System | *Arduino, Sensors, Embedded C/C++* Nov '25

- Developed an automated smart curtain system that opens and closes curtains based on ambient light intensity, reducing the need for manual operation.
- Integrated LDR/light sensors, motor/servo mechanisms, and a microcontroller to detect surrounding light conditions and control curtain movement automatically.
- Implemented an energy-efficient automation approach that helps optimize natural lighting and improve indoor comfort through intelligent curtain control.

TRAINING

Community Development Project (Roti Bank Bettiah) Jul '26 – Aug '26

Food Distribution Drive for Poor and Needy People.

- Organized and participated in a food distribution drive to provide fresh and hygienic food to poor and needy people at a railway station.
- Coordinated with team members to prepare, arrange, and distribute food packets respectfully to people in need.
- Developed practical skills in teamwork, coordination, social responsibility, and community engagement.

CERTIFICATES

Introduction to Cyber Security | Infosys Mar '26

Introduction to Python | Infosys Jan '26

Effective Time Management | Tech Veda Oct '25

EDUCATION

Lovely Professional University Phagwara, Punjab
Bachelor of Technology Aug '25 – Present
Computer Science and Engineering; CGPA: 8.69

Kendriya Vidyalaya Bettiah West Champaran, Bihar
Intermediate Mar '22 – May '24
PCM; Percentage: 71.4%

Kendriya Vidyalaya Bettiah West Champaran, Bihar
Matriculation Mar '21 – May '22
Percentage: 84.8%
